National Fallen Firefighters Memorial Weekend

Every year the Foundation sponsors the official national tribute to all firefighters who died in the line-of-duty during the previous year. Thousands attend the Memorial Weekend in Emmitsburg, Maryland. The Foundation helps survivor families attend by providing travel, lodging and meals.

Everyone Goes Home® Program

In 2004, the National Fallen Firefighters Foundation launched a national initiative to bring prevention to the forefront. The *Everyone Goes Home*® Firefighter Life Safety Initiatives Program was developed to help reduce the number of preventable firefighter fatalities and to change the safety culture of the fire service. For more information about the National Fallen Firefighters Foundation and its programs visit www.firehero.org

Taking Care of Our Own® Program

The *Taking Care of Our Own*® training program helps fire departments prepare for the worst, a line-of-duty death or serious injury. Fire service personnel and families who have lost a firefighter in the line-of-duty helped develop this one-day course. It covers pre-incident planning, survivor notification, family and coworker support, and benefits and resources available to the families.

NFFF Making an Impact

The NFFF was established in 1992, and its members continues to work on an annual basis to make an impact in the fire service. If you would like to read more on their mission and the difference they make in the lives of the families of fallen firefighters, please view: www.firehero.org/about-us/media-center/annual-reports/
